----------------	----------------------------------

Respiration	Masks should be worn if long term use is likely, ensure adequate ventilation
-------------	--

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Opaque Liquid
Colour	Off White
Odour	Slight
Flash Point °C	N/A
Solubility in Water (20°C)	100%
Freezing Point °C	0°C
Boiling Point °C	100°C
SG	1.0
Flashpoint (deg C)	N/A
Explosive Limit	N/A

10. STABILITY AND REACTIVITY

Hazardous Reactions	None
---------------------	------

Hazardous Decomposition Products	None
----------------------------------	------

11. TOXICOLOGICAL INFORMATION

Skin	N/A
Eye	N/A
Ingestion	N/A
Inhalation	N/A

12. ECOLOGICAL INFORMATION

Persistence and Degradability	Low to Nil Toxicity to fish, animals or plants. This product is greater than 90% Biodegradable and is unlikely to accumulate in the aquatic environment.
-------------------------------	--

13. DISPOSAL CONSIDERATIONS

Dispose of according to local and national regulations

14. TRANSPORT INFORMATION

N/A

15. REGULATORY INFORMATION

Not classified under CHIP regulations

16. OTHER INFORMATION

The information contained in this document is based on the current state of our knowledge and data available at the time of completion. Is provided in accordance with the requirements of the chemicals (Hazard Information & Packaging) Regulations and is intended to describe the product in terms of it's health and safety requirements so that you may complete your own COSHH assessments. Is not intended as inferring any guarantee of technical performance or suitability for particular applications.
